# Simply Everything

# Open Buttonholes Easily with Inspira Cutwork Needles.

By
Diana Cedolia

1. Open 5D™ Embroidery Extra
2. Change the size of the hoop to 360mm x 200mm.
3. Vertical and click OK.
4. Click on the Motif tab.
5. Select Buttonholes 2.
6. Top row far right and click Apply.
7. Click Copy.
8. Open 5D™ Stitch Editor Plus.
9. Paste the buttonhole into 5D™ Stitch Editor Plus.
10. Zoom In very closely and change to 2D View.
11. We will place the cutwork needles at the start of the design.
12. Under the Visible Stitches Slider type a 1 in place of the 932.
13. Click on Ghost Mode.
14. Click on the Modify tab.
15. Click on the Options of Cutwork.
16. The only selection should be 2 Cutwork Needles.
17. Click OK.
18. Click on Freehand Point Cutwork Line.
19. Keep the CTRL key down.
20. Click once at the top of the buttonhole opening and once at the bottom then back again at the top, just beside the first one.
21. Move the last node so it is right on top of the first one.
22. Release the CTRL key.
23. Right click to end.
24. Select the Design tab.
25. Take the check mark out of colors 3, 4 and 5.
26. We only need one cutwork needle for the opening.
27. Make Block from Visible Area and delete.
28. Click on the yellow cutwork needle color and change to the blue color #4. This is because the blue needle is a vertical cut.
29. Click on Draw All Stitches.
30. Click Copy.

31. Open 5D™ Extra.
32. Select the Design tab.
33. Delete the buttonhole that is in the hoop and Paste in the new one.
34. Move the buttonhole to the top of the hoop area and keep it on the vertical center grid line.
35. Click Duplicate.
36. Click Paste 4 more times.
37. Keep the buttonholes in their sequential order down the hoop and move all the pasted ones to the left of the first buttonhole. Do not try to line them up.
38. Move the last pasted buttonhole to the bottom area of the hoop and still to the left of the first buttonhole.
39. Click Select All.
40. Click on the word Design, Horizontal Alignment.
41. Align Right.
42. Click on the word Design, Vertical Alignment.
43. Distribute.
44. Move them to the center vertical line if necessary.
45. Combine all.
46. ColorSort.
47. Save as Buttonholes Complete.
